

Town of Newburgh

Water and Sewer Department
311 Route 32
Newburgh, NY 12550

Phone: 845-564-7813
Fax: 845-566-8903

07-28-20

Residents may experience some discoloration of their water due to higher demands in the water system related to the current heat wave. This is similar to what can be expected during seasonal hydrant flushing.

Water production at both of the Town's Filtration Plants continues to meet all regulatory requirements.

Residents are encouraged to run the water taps in their home until clear.
